

Welcome to the specialists for individual travel since 1988

Of course, we would like to create an extraordinary all-round carefree tour for you as a new customer.

We have been passing on our know-how and time commitment to customers free of charge since 1988. But this service is increasingly being "abused" in these digital times, which has now prompted us to only process new enquiries if you ask us to do so in the form under [Do you need advice?](#)

"The small **consultation fee to be charged at the time of booking** is":

1. hotel recommendation & tip for a region: 29,- €.
2. recommendations of max. 2 package tour offers: 39,- €
3. individually created round trip/island hopping/travel combination according to my recommendations: 69,- €

Please understand!

However, there are also possibilities on our homepage to get first information about Greece tours and even to plan individual tours by yourself **without "effort- or advice fee"**.

Examples: Structure, itinerary and prices of island hopping and round trips:

[Island hopping](#) | [Round trips](#) | [Villa/House](#) | [Sailing](#)

which we will then, and even before a visual booking of your selected travel services, expertly check for feasibility and after a consultation we will once again adapt your selection to your personal needs free of charge.

[Trust in our competence since 1988 - We know where, we coordinate and you travel carefree!](#)

We would be pleased if we could come together through one of the above mentioned possibilities and if we could advise you before, during and also after your journey.

Kind regards

Service Team Dimitrios Zachos
